Location:

Date:

<b>Owner's Tank Designation</b>									
<b>Tank Material</b>									
<b>Tank Type</b>									
<b>Duplex Tank</b>					<b>Duplex Pipe Flushed</b>				
<b>Tank Measurements (m/m<sup>3</sup>)</b>									
Width		Height		Length		Volume			
<b>Pre-clean Chlorination</b>									
Required	Y/N	Biocide	Volume	ppm	Contact				
<b>Part</b>		<b>Material</b>		<b>Condition</b> Good-Poor		<b>Informative Comments</b>			
<b>Tank Body</b>									
Internal Structure									
External Structure									
<b>Lids/Hatches</b>									
Lid									
Inspection Hatch									
<b>Valves</b>									
Isolation Valve									
Inlet									
Ball									
Outlet									
<b>Insulation</b>									
Outer insulation									
Pipe Insulation									
<b>Post-Clean Disinfection</b>									
Water pH			Biocide Used			Volume Used			
Contact Time			Initial Biocide Level			End Biocide Level			
Neutralisation Performed			Neutraliser Used			Neutraliser Volume			
<b>System Reinstatement</b>									
Tools Removed		Refilled		Brought Online		Sample Taken		Handed Back	
<b>Additional Comments</b>
